TO DO

- Do what's important, not just what's urgent!
- Get ahead in my career.
- Develop my business.
- Spend more time with friends and family.

What will you do with your extra 2 hours free every day?

Have you ever thought: 'If only I had more time'?
Do you need to use a computer to get your work done?

Then Genius Shortcuts is for you!

International life coach Bert Verdonck, brings Genius Shortcuts to NZ for the first time. Bert will teach you tips, tricks and tools that are guaranteed to save you at least 2 working hours a day. You'll discover how to take control of technology to save you time and money.

You'll be able to achieve more in much less time, leaving you free to finally be proactive for once, to advance your career, find time to plan ahead, to develop yourself, your team or your business, play golf, go to the gym, use your new found freedom for friends and family - or just relax!

Whatever you choose to do with your free 2 hours; whether you're a business owner or employee, a busy mum ready to re-enter the workforce or an entrepreneur who can't risk technology getting in the way of you achieving your goals; Genius Shortcuts will work for you.

Join thousands across the UK and Europe who use Genius Shortcuts every day. You'll discover tools and techniques you can apply instantly, that are easy and even fun to use. Bert will impart a wealth of hidden tips and tricks to help you master technology and save time, no matter whether you're a novice with computers or an IT expert.

SAVE AT LEAST 2 HOURS EVERY WORKING DAY GUARANTEED!

Discover Genius Shortcuts such as:

- How to write 100 emails in 1 hour.
- Easily exchange even very large files (even >1Gb).
- Put an end to computer crashing nightmares, easy daily backups without doing anything.
- Stay on top of 300 websites in 30 minutes.
- The smarter way to organise folders.
- How to make Outlook work for you.
- Organising meetings without countless calls or emails to schedule and reschedule.
- How to quickly change any file format.
- The simple, smart way to manage your 'to do' list.
- The best time-saving shortcuts for Word, Excel and Powerpoint.
- Fix images with the wrong format or size, without Photoshop or any other complex designer program.
- ... and many more unique Genius Shortcuts to save you time and money!

WHAT OTHERS ARE SAYING ABOUT GENIUS SHORTCUTS ...

"The Genius Shortcuts training makes you think about the way you are working with your computer and especially the time you are wasting on it. I have been looking in vain for several of these tools on the Internet myself and I never found them. Bert presents them here on a silver platter." Piet Van den Bergh – Teamcoach Legal Department – Acerta (HR Services Group)

"This training is a real eye-opener! I feel like immediately implementing all the tools. I consider myself as an IT-novice, but through this training I gained a lot of confidence to get started with these practical tools and allow them in 'my life' to gain significant timesavings." Sara De Clerck – Project Coordinator – University of Hasselt
